

Metal Bed Rail Assembly Instructions (Headboard Only):

The assembly of the Gonzalez Rustic Beds can be simple and fast if you follow this procedure.

Tools Needed; A power drill, a pencil and coarse thread wood screws are needed for this assembly. These screws are not packaged with the rail assembly. However, any standard wood screw will work so long as the head of the screw is large enough to prevent drilling past the wall the rail hanger.

Assembly; The overall width of our beds vary. (1) Leggett and Platt manufactures a **Universal Bed Frame, the U36 series**, that will accommodate a Full, Queen , Eastern King and California King Mattress set. Your bed assembly will be made easy if you use this bed frame or an equivalent. (2) The first step in this process is to assemble the metal bed frame. As shown in the picture above, the mounting bracket is reversible to accommodate the various Gonzalez Rustic Headboards. (3) Once the correct orientation of the bracket is determined, use the coarse wood screws with a washer to fasten the bed frame to the solid wood posts of your headboard.

Easy as "1...2...3...", You're DONE!

SIZE	HANGER SEPARATION INSIDE WIDTH	MINIMUM HB & FB OUTSIDE WIDTH
FULL	53 1/4" TO 53 1/2"	57"
QUEEN	60 1/4" TO 60 1/2"	64"
EASTERN KING	76 1/4" TO 76 1/2"	80"
CALIFORNIA KING	72 1/4" TO 72 1/2"	76"
